Getting there

The quickest way to reach the city of Tallinn is from the Tallinn airport.

The taxi stop is just outside the arrivals hall. Depending on the company, you will pay around 6-9 EUR for the ride.

You can easily get to Hestia Hotel Europa or Park Inn from the airport by public transport. A single ticket costs 2 EUR and you can buy it directly from the driver.

Our hosts recommend that you can take the tram – turn left after leaving the arrivals hall (a 2-minute walk). Take tram number 4 in the direction of Tondi (10 stops) and get off at Hobujaama. It will take you around half an hour.

Both hotels are located within 5-10 minutes walking from the Hobujaama tram stop (see the map on top of the page).

All venues are located within a walking distance. The participants will walk together after the General Assembly to the Town Hall and then to Restaurant Platz.

sightseeing

Visit **Toompea Hill**, including medieval castle fortifications, the Estonian parliament and the impressive **Alexander Nevsky Cathedral**.

The **Rotermann Quarter** located in the heart of Tallinn, is considered the New Old Town.

A renewed area full of modern architecture, hip restaurants and bars.

Enjoy the long summer days – with sunset only at 10:30 pm! – and spend some time outside. If you are interested in the Estonian history, our hosts in Tallinn, ENAEA and ANDRAS, recommend that you visit the **Open Air Museum**. It will take you around 30 minutes by bus to get there from the city centre.

food & drinks

Rataskaevu 16

Quality value for money in the heart of the Old Town. Must book in advance!

BrewDog Tallinn

Craft beers and gourmet hot dogs at an old grain silo.

Vaike Rataskaevu 16

Organic and vegan food in a friendly atmosphere.

getting around

The centre of Tallinn is relatively small and easy to get around on foot. If you'd like to go further away from the centre, we recommend that you use public transport.

You can buy a single-ride paper ticket directly from the driver (2 EUR, cash), but if you're planning to take public transport more than once, it might pay off to get a rechargeable Smartcard (Ühiskaart). You can buy it at any R-Kiosk or post office. You'll be asked to leave a 2 EUR deposit, and then you can load the card with the credit you need for your fares. A 3-day ticket will cost you 5 EUR.
