

# MASTER

Measures for Adults to Support  
Transition to further Education  
and Re-skilling opportunities

[www.master-project.it](http://www.master-project.it)

## ADULT LEARNERS

### What can MASTER do for me?

Master can help you to be the best version of yourself by introducing you to training and educational opportunities that can improve your situation in the labour market and increase your self-esteem.

### How can I participate in MASTER?

You will:

- Help us to understand you better so we can find good ways of informing you about the diverse adult education opportunities you can take advantage of.
- Support us in the creation of interesting learning activities for you.
- Help us understand if the planned learning activities in MASTER are indeed efficient.
- Promote the Master programme and your experience in it by simply talking about it to others.

## ADULT EDUCATION PROVIDERS

### What can MASTER do for adult education providers?

The MASTER programme provides a transversal multi-stakeholder outreach strategy that adult education providers can deploy to attract and engage their target groups; this will ultimately increase the preciseness and practicality of their training provision.

### How can adult education providers participate in MASTER?

By:

- Being part of the Stakeholders' Committee;
- Disseminating the results of the project among your network;
- Intercepting beneficiaries;
- Supporting the implementation of the multi-stakeholder approach and ultimately, contributing to the sustainability of the project's results;
- Ensuring the transferability of the MASTER approach to other education sectors dealing with low skilled people.

## THE PROJECT

### What is the expected impact?

The creation of a common European model for facilitating and supporting the participation of low skilled adults in formal education/training opportunities will be an effective and efficient measure. This objective that can be achieved through the definition of outreaching strategies and the development of learning methodologies/tools based on self-assessment to increase self-awareness and PSL competence.

### What is the duration of MASTER?

The project started in November 2019, and its expected end date is April 2022.
