## FORMAT

## OBJECTIVES

Change-oriented adult education and digitalization: theory and examples

Input session

- Understand what are the specifics of change-oriented adult education and how to apply it within your area of work.
- Gain the overview of different change-oriented approaches and their theoretical background.
- Explore new change-oriented teaching and learning practices and tools that can be used in adult education to face the digitalisation challenges

How can we manage the challenges of digitalisation by using change-oriented adult education?

Workshop

- Exchange views and opinions about the challenges that digitalisation brings to society and adult education
- Discuss how adult education policy and practice can support change-oriented adult education or fight against the digital divide
- Get familiar with change-oriented learning methods and tools that can be used in your daily work

Writing a good project application

Workshop

- Practice planning a project application and drafting a budget
- Get tips on writing good project applications
- Compare the experiences in applying for Erasmus+ projects
- Get an update on the rules and opportunities of the new Erasmus+ programme

Visit to the European Parliament (TBC)

Study visit

- Get a briefing on the role of the European Parliament and the competences of the EU institutions, especially in relation to education
