

Financing adult learning in Europe: funding tools and their effectiveness

Webinar, 15 December 2021

Objectives

The webinar will introduce the participants to the main funding tools used in Europe for financing adult learning and their effectiveness, as researched by the Organisation for Economic Cooperation and Development. Specific attention will be paid to funding mechanisms that are decentralized. During group discussions, the participants will also get to reflect on the tools used in their contexts and share their recommendations for improving financing of adult learning.

Speakers and facilitators

The overview of funding tools will be introduced by Katharine Mullock from the OECD. The webinar will be facilitated by Raffaella Kihrer, EAEA Head of Policy.

Practical information

Format

The webinar will take place on Zoom.

Registration

To participate in the webinar, please complete the [registration form](#).
