

Kick-off event Agenda

19 September 2023, 14:00 - 15:30 CEST

Welcome to the e-engAGED project, which aims to strengthen the digital, social and political engagement of young adults (aged 18-25) and older adults (aged 50+) through an intergenerational learning approach.

We would like to introduce you to the project and ask you to take part in our survey on misinformation, digital citizenship and online civic and political engagement, which will form the basis of the forthcoming intergenerational debate.

By actively participating in this launch event, you are playing a vital role in promoting a better informed, more digitally savvy and more politically engaged society. Your contribution is essential to enable younger and older generations to tackle these pressing issues together.

Thank you for being an integral part of the e-engAGED project.

Please **register** to participate:
