## NGO Trainers' Association (sTOP)

NGO Trainers' Association (sTOP) is a non-governmental organisation uniting over 250 trainers and adult and young adult educators working for social change in Poland. They have more than 25 years of experience in training trainers and developing the qualifications of professional trainers.

Their mission is to support individuals, organisations and local communities in building open, inclusive and lifelong learning societies. They support trainers and organisations acting for social change in their self-development and search for new solutions.

- They inspire
- They build professional and private relationships
- They care about quality in education and self-development

# Grundtvig Award Ceremony

## Venue

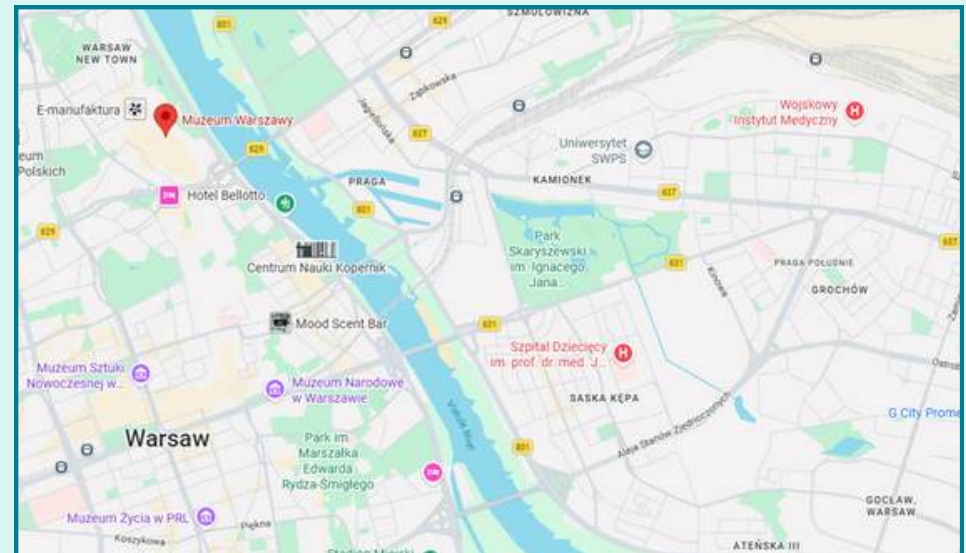

### Museum of Warsaw

Rynek Starego Miasta 42 00–272 Warszawa Poland

*eaea*  
**GRUNDTVIG AWARD**  
*excellence in adult education*

Celebrating excellence and innovation in adult education, this year EAEA is focusing on the theme of **Resilience and Community-Building**.

The main aim is to explore how adult learning and education (ALE) strengthens individual and collective resilience, fosters solidarity, and builds inclusive, connected communities. In times of social, economic, environmental, and democratic challenges, ALE plays a crucial role in empowering learners, supporting communities, and building trust, participation, and cooperation.

# What to see

**OLD TOWN** – Warsaw’s Old Town is the jewel in the Polish capital’s crown, it has been entered on the UNESCO World Heritage list.

**WARSAW RISING MUSEUM** – The museum commemorates the largest underground combat operation in German-occupied Europe during World War II. The 1944 Warsaw Uprising changed the face of the Polish capital (free entry on Monday).

**POLIN MUSEUM OF THE HISTORY OF POLISH JEWS** – One thousand years of history is told in a symbolic place in the centre of Warsaw – in the pre-war district inhabited mainly by Jews, and during the war transformed by the Germans into a ghetto. The museum restores the memory of their rich culture and heritage (free entry on Thursday).

**COPERNICUS SCIENCE CENTRE** (by the Vistula Boulevards) – You will discover the secrets of nature, conduct your own experiments and have fun.

**VISTULA BOULEVARDS** (you can get there from the part near Old Town) – A kilometres-long riverside promenade is a great place for a walk, a bike ride, as well as a night of fun in one of the seasonal clubs operating here. Along the boulevards are gazebos with sun loungers, stone benches and seats made from tree branches.
